

45th Lunar and Planetary Science Conference

News and Blog Coverage

#LPSC2014

- Planetary Society: [Yutu update](#) (April 10)
- Astrobiology Magazine: [Ripples in the water in the lakes of Titan](#) (April 9)
- Space Review: [Europa on the cheap](#) (April 7)
- Planetary Society: [Mars Exploration Rovers update: Opportunity powers up in Cook Haven and in fans' minds](#) (April 7)
- Planetary Society: [Commander Dave Scott's Masursky lecture from LPSC 2014](#) (April 4)
- Air and Space Smithsonian: [The Moon's mantle muddle](#) (April 4)
- Planetary Society: [Great new image of Curiosity from HiRISE, just across Dingo Gap](#) (April 3)
- Planetary Society: [Fireworks in the Earth's sky sent from the Moon: Reflections from LPSC 2014](#) (April 3)
- French Tribune: [Water on Moon and Earth may share common source](#) (April 2)
- Mother Nature Network: [Did the Moon get its water from Earth?](#) (April 2)
- Yahoo! News: [Water on Earth and Moon may have common origin](#) (April 2)
- SETI Institute: [Carl Sagan Center scientists at the 45th LPSC](#) (April 1)
- Rosa Rubicondior: [Life on Mars? Death for creationism?](#) (April 1)
- Planetary Society: [LPSC 2014: The curious case of active volcanism on Venus](#) (April 1)
- Space.com: [Water on Earth and Moon may have common origin](#) (April 1)
- Universe Today: [Astronomy Cast Episode 341: 45th Lunar and Planetary Science Conference](#) (March 31)
- Planetary Society: [LPSC 2014: Titan's land of lakes](#) (March 31)
- Wesleyan Connection: [Greenwood, colleagues debunk sloshy lunar theory](#) (March 31)
- Wesleyan Connection: [Gilmore, Greenwood, Martin '14, Dottin '13 attend planetary science conference](#) (March 31)
- Tiếng nói nước Nga: [Phát hiện núi lửa đang hoạt động trên sao Kim](#) (March 27)
- Futura Espace: [Dans les glaces d'Europe, il ya peut-être une tectonique des plaques](#) (March 27)
- IDG: [Орбитальный аппарат LADEE откри атмосфера на Луната](#) (March 26)
- Nature: [NASA missions bid for extensions](#) (March 25)
- What I Learned Today: [The bikini bridge and other social objects](#) (March 25)
- Planetary Society: [Snapshots of science from the 2014 Lunar and Planetary Science Conference](#) (March 25)
- ZZ7: [Acqua sulla luna: Nuove ipotesi degli scienziati](#) (March 25)
- Huffington Post: [Seven dust particles from solar system's birth recovered by NASA's 'Stardust' spacecraft](#) (March 25)
- Planetary Radio: [Emily Lakdawalla at her favorite conference while Alan Stern stirs up the solar system](#) (March 25)
- Zeenews: [Moon may never have been 'very watery'](#) (March 24)
- Earth Space News: [Waves detected on Titan](#) (March 24)
- Chiemgau Impact: [The Chiemgau impact at the 45. Lunar and Planetary Science Conference \(LPSC\), March 17–21, 2014, The Woodlands, Texas, USA](#) (March 24)
- Sky & Telescope: [Active volcanoes on Venus?](#) (March 24)
- New Worlds: Exploration in Planetary Geology: [LPSC 2014: Subduction on Europa?](#) (March 24)

- New Zealand Herald: [Earth suffered double hit, say scientists](#) (March 23)
- Space.com: [Cassini spies wind-rippled waves on Titan](#) (March 23)
- BBC News: [Doubt cast on evidence for wet Moon](#) (March 22)
- Planetary Society: [LPSC 2014: Water on...Vesta?](#) (March 21)
- Science Now: [Spacecraft returns seven particles from birth of the solar system](#) (March 21)
- MESSENGER JHU/APL website: [Shine a light on me](#) (March 21)
- Red Planet Report: [Checking out Schiaparelli's landing site](#) (March 21)
- Softpedia: [Chinese lunar rover becomes immobile](#) (March 20)
- Astro Watch: ['Shrapnel' risk to future Moon surface missions](#) (March 20)
- Fox News: [ET phone Earth? Light on Saturn's large moon Titan likely waves, scientists say](#) (March 20)
- NewKerala.com: [China's Moon rover listening but immobile: Scientists](#) (March 20)
- Red Orbit: [Cassini radar data shows calm seas on Saturnian moon Titan](#) (March 20)
- CNET: [Scuba diving trumps surfing on Saturn's Titan moon](#) (March 20)
- News Track India: [China's Moon rover listening but immobile: Scientists](#) (March 20)
- Red Planet Report: [Phobos as dropbox for Mars sample return](#) (March 20)
- Carnegie Institution for Science Geophysical Laboratory: [Week in review](#) (March 19)
- Earth: [Bare Earth elements: Mars rocks wear manganese coats](#) (March 19)
- Insider: [If there are waves on Saturn moon Titan, are we closer to finding extraterrestrial life?](#) (March 19)
- The Wire: [Scientists may have finally discovered waves on Titan](#) (March 19)
- Phys.org: [Cassini may have spotted waves in Titan's seas](#) (March 19)
- NDTV: [Liquid 'waves' detected on Saturn's moon Titan](#) (March 19)
- NBC News: [Astronomers see signs of waves on Titan's weird seas](#) (March 19)
- RYOT: [Newly discovered waves on Titan may make Saturn's moon the first extraterrestrial surf spot](#) (March 19)
- BBC News: ['Shrapnel' risk to future Moon surface missions](#) (March 19)
- Nature: [China's Moon rover awake but immobile](#) (March 19)
- Planetary Society: [LPSC 2014: Plate tectonics on another world: Europa](#) (March 19)
